He Wanted a Change.

Galveston News.

There was a little shooting scrape at a little town in the interior of Texas not long ago, and it was not long before our reporter was on the spot interviewing one of the principals.

"So you are going to write it up,"

said the survivor.

"Yes I want all the facts."

"I don't care a cent what you say about the shooting, but I have one little favor to ask."

The reporter said he would grant

cheerfully, if he could.

"Well," said the shooter, "I want you to put down that my grandfather was one of Laddie's pirates, and the worst cut-throat of the gang."

The reporter started a little,

but the shooter went on to say:

"Please put in that one of my uncles was hung by the vigilance committee in San Francisco, and two more of them are making shoes in the Illinois penitentiary; that another of them is practicing law in New York, and my only sister ran away from home with the clown of a circus; that as far as you can learn there is not a member of the family that has not done something disgraceful."

"Why, what do you want all that

in the paper for?"

"Because I am sick of reading in the papers that every fellow who has a little shooting scrape belongs to one of the most respectable families in the country. Just put it down for once that one of the parties to the unfortunate affair belongs to a highly respectable family. If you don't put it, that way you will wish you had."

From Greene County.

MIDWAY, TENN., Sept. 25, 1880.

Mr. Editor: The Greenville News has suddenly committed an ignominious act, one for which extreme liteness has no equal. Hear what he says about Hon. A. H. Pettibone, our most worthy candidate for congress, of the first district:

"It is no secret, but a fact well known

to the true, tried, and standard republicans of Greene county and the first congressional district generally, that Maj. A. H. Pettibone is not now, was not two years ago, and will never be the choice of the honest masses of the party in the district."

In this expression he asserts an unmitigated

falsehood. Not the choice of the honest masses? Ah! he is not the choice of the dishonest masses. Such an apologetic as the editor of the New Era. Dishonest, I call him, because he has been bought from the republican union party to the rebel democratic party by the sum of \$200.00. Where is dishonesty? It is in such deeds as the Era has committed? Oh! that purchased fool, which is sure evidence of extreme mental imbecility, what mean you? Do you deceive yourself by thinking that you can change a solitary republican vote? Who are you trying to defeat the man for whom you did so much to nominate?

"Satisfy me the polished razor keen,"

should wound and severely be felt on a man's pride, but not the talent to abuse. With the will, but not the talent to abuse."

Hear him again: "The machine has been run by a set of hungry office seekers, who, if the schedule is not changed, will run the party into certain and irretrievable defeat by next year." How is this change to be effected? Would to send the "hungry office seeker" Bob Taylor, back to congress by changing the "schedule"? Mr. Lyon answer this question satisfactorily, and like you, I will change to a rebel vote. Consistency where are thou? Further on, he says: "The Major himself is not a representative man of our people or of our party." No, he is not, but he is the representative man of the loyal republican party. Mr. Lyon, you must think that his honor, Pettibone, will leave his party as you have done; then don't say "rebel."

It is true, that two years ago, Pettibone

was defeated, but like a man of principle, he only became stronger in the republican faith. You, two years ago, being an aspirant to the office of county clerk, were repudiated, because some one else was the choice of the "honest masses."

We, the republicans of the first district,

do expect to "change the schedule" by sending Hon. Pettibone to congress, a man who will do honor to the first district, instead of Bob Taylor, who has done nothing but vote with the worst rebel traitors and copperheads on earth—so certain as November 2nd, dawn upon the earth. Mark the expression. Then your "dop over" will only be a disgrace to you, and nothing availed but a little money and the ridicule of the union party.

Respectfully,

SOMA

Gillenwaters Not Eaten Up.

CLEVELAND, Sept. 27, 1880.

MR. EDITOR: I see the Tribune of Sunday says Sykes demolished Gillenwaters at this place, or words to that effect. The fact is Mr. Gillenwaters made one of the happiest efforts of his life. It was a straightforward argument, full of facts and interspersed with a few good jokes. His speech did much to enthrone our friends for Judge Hawkins, and you may look for a 400 majority for him over Wilson and 700 over Wright in old Bradley. Sykes made a signal failure. He failed to hold half the crowd. His warmest friends here admit his failure and defeat by Gillenwaters. Sykes has reputation as a speaker, but his speech here fell very flat.

P.S.—Why didn't the Tribune give

an account of how its editor got a black eye in Sevier county? Guess the young man will stay at home and attend to his "concentrated lie" factory in the future.
